

Clifton Street

Pre-School

---

Dear Parents and Carers,

All children attending Clifton Street Pre-school have a personal on-line Learning Journey which records photos, videos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of your child's experiences during their time with us.

We use Tapestry, an online system, which is hosted within the EU on secure servers. Further security details are available on request. The benefits to yourselves from Tapestry being on-line means you will have secure access (via a website or mobile app, which you login to using your email address and a password) to your child's Learning Journey and, in addition to viewing our contributions, we encourage you to add to it by uploading photos and comments, or commenting on observations made by us.

We have our own secure Tapestry website, which once you have provided us with an e-mail address we will be able to set you up with an account. We will also give you detailed information on how to view/use your child's Learning Journey. If you do not have access to e-mail your child is still able to have an online Learning Journey which you can access through the use of preschool's computer equipment during specific dates throughout the year. When your child is ready to leave, we will convert to PDF and give you a copy on CD or print out if necessary.

In order for your child's Learning Journey to be created please give us permission by completing the attached slip. Also if you provide your E-mail address we will set up an account enabling you to access your child's learning journey via the secure Tapestry website. (Please note each parent only has access to their own child's Learning Journey).

E-safety is very important to us at Clifton Street, therefore we ask you to sign to show that you understand and agree with our guidelines overleaf.

If you have any questions or queries about the on-line Learning Journeys please do not hesitate to ask Sarah or your child's key person.

Many Thanks

Sarah
